COVID UPDATE

While the confirmed cases in Oaks seem to have stabilised, Ash class have seen an increase in positive cases this week. Parents of children in Ash class have been advised to use the lateral flow tests daily. A reminder also that all positive lateral flow tests should be logged on the NHS website.

Well done to the children – they've coped with many changes this week and risen to the challenge in a really mature and responsible way. Thanks to parents who have supported with regular testing and keeping us updated. Finally, the staff deserve credit for pulling together to minimise disruption and help us keep classes open. Some of the staff are still recovering from the virus but have returned as soon as they could. At one point the staff car park was almost empty and it was worrying!

SHIPLEY GETS INTO THE SPIRIT OF THE WINTER OLYMPICS

Children this week were learning about the events in the Winter Olympics in Beijing. They all had a go at trying some of the sports including: curling, ski fitness training and curling. Here are some of the photos from the event.

SWIMMING

Our swimming programme from the last two years has been thwarted due to COVID restrictions. It also means that some children may not have been able to learn to swim or use the pool regularly. The unaided and without any flotation device. We are planning to start with a series of lessons for Year 5 and 6 to meet this requirement. A short questionnaire will be sent to Sycamores parents in the coming days.
