

## ACCESSIBILITY PLAN 2021-23

At Shipley CE Primary School we are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Shipley CE Primary School plans, over time & as necessary, to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:

- Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
- Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

## SHIPLEY CE PRIMARY SCHOOL

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum policies
- Equal Opportunities
- Staff Handbook
- Health & Safety (including off-site safety)
- SEND policy
- Behaviour policy
- Single Equality Policy encompassing race, gender and disability

The Action Plan for physical accessibility relates to the Environmental Access Audit of the School, which is undertaken by the Local Authority on a needs basis via the Sensory Support Team, Moving and Handling Advisor and Occupational Therapy service. It may not be feasible to undertake some of the works during the life of this current Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period. As we have a statemented child on roll with a registered disability, advice will be sought as required to meet any specific developmental adjustments to the environment or specific equipment as the child progresses through the school.

The Plan will be monitored annually by school Governors. The Plan may be monitored by Ofsted as part of their inspection cycle.

New Plan devised and approved by Governors October 2021

SHIPLEY CE PRIMARY SCHOOL

**Improving the Physical Environment**

	<b>Target</b>	<b>Actions</b>	<b>Outcome</b>	<b>Timeframe</b>	<b>Responsibility</b>
Short term	To increase the number of accessible toilets and sinks Sycamores	Installation of additional WC and refurbishment of existing toilets and sinks in Sycamores.
