

Friends of Shipley School

Unfortunately Karrie who runs this business has said they are not doing any more collections this academic year. The school will be undergoing a deep clean and building works over the summer break and do not have any space to store bags.

If you can, please keep hold of any donations, as FOSS is trying to organise a collection for September as soon as we return to school.

We are coming to the end of our summer term, which class will win this year's 5p challenge? If you have any 5p's lurking about, send them in to school with your child for their class bottle. The winning class gets to choose an activity of their choice to enjoy with the money raised.

We have spoken to a few children about the Scarecrow Trail and there seems to be some confusion. The scarecrows that the children have made in school have been part of the children's forest school work and NOT part of the competition. The competition is now open for entries for the next couple of weeks and there are prizes to be won!!! (including prizes suitable for children - one child told me they weren't entering because they didn't want to win a night in a B&B! 😊). This event is in place of the summer fair fundraiser. PLEASE do encourage your children to take part. We have had some fantastic sponsorship from local businesses and need scarecrows for the trail! Please see school website for online application details www.shipleyceprimary.com

Please speak to Sarah C if you have any questions about the above. 07930692790

Kind regards

The FOSS team
