

Personal, Social and Health Education (PSHE) POLICY

At Shipley CE Primary School We believe that PSHE and Citizenship education enables children to become healthier, more independent and more responsible members of society. We encourage our pupils to play a positive role in contributing to the life of the school and the wider community. In doing so, we help to develop their sense of self-worth. We teach them how society is organised and governed. We ensure that the children experience the process of democracy through pupil voice and opportunities to vote. We teach children about their rights and about their responsibilities. They learn to appreciate what it means to be a positive member of a diverse and multi-cultural society.

We aim to provide an environment where pupils learn about relationships in the context of the Christian narrative.

PSHE is delivered through the Programme of Study for PSHE Education which includes:

Assessment

PSHE is assessed by teachers bi-annually and reported to parents at parents evening and through the annual reports to parents. Development in EYFS is continually assessed and recorded via 2simple.

Monitoring

The governors are responsible for ensuring that the PSHE programme follows Diocesan guidelines and is in keeping with the Church's teachings. The relevant committee will report to the FGB.

In all matters related to PSHE and especially Sex and Relationship Education governors will ensure that parents are consulted on the contents of the programme and given an opportunity to view resources.

The PSHE subject leader is responsible for ensuring the effective delivery of the PSHE programme, which is well planned and appropriately matched to age and levels of understanding and in keeping with the Christian ethos of the school.
