

Dear Parents/Carers,

Welcome to your new spelling book for this term. Your child will get 10 spellings a week with a spelling pattern for their year group. If they are struggling to begin with then you might like to choose 5 and learn those. As the children get more confident they can increase the number they learn.

We will send new spellings home in this orange book on a Friday when we will test the children on that week's spellings. The new spellings will be for the following week. You will find a sheet that the children will complete in school, a handwriting sheet and a wordsearch. They are all to help your child learn their new spellings.

If you could spend 5 minutes a day doing these the children will make super progress. Any time you can spend will be great. Thank you for your support.

Mrs. Simpson
